General Lecture IEEE at Glance at Jakarta State Polytechnic (PNJ)

On Tuesday, January 15 2019, the Information and Computer Engineering Department Jakarta State Polytechnic (PNJ) held a socialization of IEEE. This socialization aims to provide a complete understanding of IEEE and the benefits obtained by an IEEE-registered campus. The presenter was Prof. Dr. Fitri Yuli Zulkifli, S.T., M.Sc., IPM as the chairman of IEEE Indonesia Section. She presented an explanation of the history of IEEE, the IEEE organizational structure, the role of ieee.id in Indonesia, and things that has been done by ieee indonesia section. Prof. Fitri Yuli also conveyed on how becoming an IEEE member will benefits both, lecturers and students. The benefits gained by students and lecturers will be tremendous if they being an active member in the IEEE.

On this occasion, she also described the implementation of international conferences affiliated with IEEE. For students, IEEE has a student branch which is a special working unit given by the IEEE so that students can connect globally.

The one who present at this event were 26 persons, in which 11 of them was an active IEEE member and the other 15 was a non member including: the chairman of the informatics and computer engineering department, chairman of the electrical engineering department, lecturers, student representatives, and representatives from the leaders of PNJ. The output of this activity is the support from the campus for the formation of student branches at PNJ.

IEEE Conference Management Workshop

In 2019, as an annual event the Faculty of Engineering, Semarang State University will hold an Engineering International Conference (EIC) which focuses on education and application of Green Technology. In this year, the Engineering International Conference initiate to collaborate with IEEE Indonesian Section to hold Engineering International Conference as a flagship conference from IEEE Indonesia Section.

Prof. Dr. Fitri Yuli Zulkifli and Dr. Kurnianingsih as the representative of the Indonesia Section Chair 2017 – 2018 and Information Management Chair 2019 Region 10 IEEE visited the Faculty of Engineering on Wednesday 30 January 2019. The event was also attended by the Dean of the Engineering Faculty of Semarang State University Dr. Nur Qudus, M.T. which also gave a speech and told about the history of EIC in previous years.

The visit of the IEEE representative is in order to provide direction on how to establish cooperation in holding an international conference involving IEEE. Prof. Dr. Fitri Yuli Zulkifli started by introducing IEEE as a whole, then she elaborated the technical cooperation in implementing a conference involving IEEE. The benefit obtained by involving IEEE is that the selected presented papers are eligible to be published in ieee.explore. In addition the conference collaborating with IEEE will also be loaded on the page list of conference on ieee.explore. In the next session Dr. Nia Kurnianingsih presented material on "how to write quality paper and where to publish within IEEE".

IEEE R10 HTC 2019, which is organized and hosted by IEEE Indonesia Section, will be held in Depok at November 12-14, 2019. The theme of the conference, "**Advancing Sustainable Green Technologies for Humanities,**" is to draw special attention to the societal expectation on humanitarian technologies' ability to provide practical and lasting solutions.

Topics of interest include, but not limited to
* Robotics, control systems and automation
* Cloud computing, big data, architecture, mobile and wireless communications,
* Optical and photonic communications, optical networks
* Biomedical engineering
* Circuits, systems and signal processing,
* Power electronics, machines and drives, high voltage
* Telecommunication technologies
* Semiconductor, photonics and nanotechnology
* Energy and environment
* IoT and enabling technologies
* Information and communication technologies

with the focus on
* Health care
* Social welfare
* Poverty alleviation
* Education
* Disaster management
* Food and agriculture
* Women empowerment

Editor Corner

We welcome all the readers for the 21st edition of our newsletter. This newsletter is from us to us and hopefully it is useful for all Indonesian IEEE members. We hope that the article can inspire you. This month, we held a conference management workshop to hold a flagship conference called Engineering International Conference. We also have information about 2019 IEEE R10 HTC, 2019 IEEE CYBERNETICSCOM and other activities as well. What are these activities? Read this newsletter, more information is included. We will also continue to update about all our activities through newsletters and e-notices. Please be aware with these important major activities in 2019! Hope you enjoy this newsletter edition! Happy reading!
